Workshop Overview

One way the West Virginia Local Technical Assistance Program helps local and state roadway agencies prepare for the winter months is by hosting the annual Snow & Ice Control Workshop. This workshop includes a combination of general and breakout sessions, along with demonstrations.

Target Audience

WVDOT and Municipal Street Departments of all sizes

- Public Works Directors
- Maintenance Engineers
- Mechanics
- Plow Operators
- Elected Officials
- Anyone involved with winter maintenance!

Lodging

A block of rooms has been reserved at the Chief Logan State Park Lodge at the rate of \$110 per night. **To reserve your room, please call 304-855-6100 and reference Code GS1155.** The room block will be released on September 15, 2025. Lodging reservations and payment are the responsibility of each individual.

Registration

The cost for indoor space, along with the option of displaying equipment outside, is \$200 plus 7% tax. This price includes an AM break and lunch for one representative of your company. Additional representatives are \$60 per person.

Refunds will not be issued unless a cancellation notice is received by September 8, 2025. A processing fee of \$25 will be retained.

Please register and pay on-line at: <https://bit.ly/4dCLfMW>.
